**FIRST SUPPLEMENTAL
REISSUE APPLICATION DECLARATION BY THE INVENTOR**

Docket Number (Optional)

CAS1.PAU.24.R2

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 5,635,235, granted 06/03/1997 and for which a reissue patent is sought on the invention entitled Methods For Handling Masa

the specification of which

- is attached hereto.
 was filed on 12/29/2000 as reissue application number 09/753,171

and was amended on 12/29/2000 ("Preliminary Amendment"), 05/04/2001 (substitute specification and "Substitute Preliminary Amendment"), 04/01/2002 ("1st Amendment"), and 12/14/2007 ("2nd Amendment")

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

- I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- by reason of a defective specification or drawing.
 by reason of the patentee claiming more or less than he had the right to claim in the patent.
 by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The patentee claimed less than it had a right to claim in that the claims directed to a method for feeding masa to a pair of sheeters rollers by using a hopper unnecessarily specify "side walls" and a "bottom wall," thereby enabling an alleged infringer to make wall-related arguments for non-infringement. The broadening desired is inclusion of additional claims that do not include such recitations.
